I want to remind you once again about the changes

in our deputation policy that has been in effect the past two years.

Because of budget reductions that limited funding available for deputation, **we are no longer able to cover missionaries' local travel costs** (mileage or car rental/gas within their region of residence or short distance trips to nearby states). In these cases, **missionaries would need assistance from the inviting churches/groups to cover those costs**. We have asked missionaries to clarify this with the inviting group before an assignment is confirmed.

When deputation assignments require travel by air (or air travel is a less costly option than driving a longer distance), IM still covers the cost of the airfare only for the confirmed speaker. *However, we are asking missionaries to have a minimum of three speaking engagements in the host region to maximize the cost of the airfare.* We are still unable to pay for a second ticket for the missionary spouse to travel to the same assignment. If a spouse is invited, the cost of the second ticket is the responsibility of the inviting group.

All travel expenses within the region (airport pickup, lodging, meals and all ground transportation between assignments) is still the responsibility of the host churches/regions as has been the policy for many years.
